

End-to-End Customer · Admin · Architecture · Security · Payments · QA · Launch · Version 1.1 (Clean)

KeralamMatch is Kerala's premier privacy-first, verified matrimonial platform designed for the global Malayali community. The platform combines a calm, culturally relevant user experience with verified identity, controlled contact sharing, secure messaging, AI-assisted discovery, subscription commerce, moderation, and operational governance. Sensitive contact credentials are encrypted with AES-256-GCM and access is strictly time-bound through mutual consent and a 24-hour expiration window.

- **Landng Page (/l):** Hero Banner, Malayali couple image, 50,000+ stat bar, 3-column privacy cards, district/community directory links.
- **Authentication (/auth):** Split-screen with Nilavilakku lamp motif, Mobile SMS OTP (+91), Google OAuth, session cookies.
- **10-Step Onboarding (/ljoin):** Progress ring (0-100%), Basic Details, Physical, Religion/Caste, Career, Location, Family, Lifestyle, Photos & Liveness.
- **Member Dashboard (/dashboard):** Personalized welcome, profile completion ring, views analytics (+18%), recommendation cards grid.
- **Find Matches (/lfind):** Dropdown demographic filters, AI Smart Search prompt, 12-attribute compatibility scoring % badges.
- **Profile Detail (/profile/[id]):** Hero card, tabs (About, Lifestyle, Career, Family), verified checkmarks, 24h countdown timer box.
- **Secure Chat (/lchat):** Split-pane messaging, encryption lock banner, crimson/white message bubbles, block user action.
- **Contact Requests (/lrequests):** Tabs (Received, Sent, Active 24h, Expired), Accept (green), Decline, active countdown timers.
- **Notifications (/lnotifications):** Categorized alerts (Heart, Message, Shield, Coins), unread indicator markers, mark-all-read CTA.
- **Pricing & Upgrade (/lpricing):** Silver/Gold/Platinum tiers, pay-per-reveal packs (₹99 for 1 reveal, ₹499 for 5), Razorpay modal.
- **Account Settings (/lsettings):** Password change form, privacy toggles, notification preferences, account deletion modal.
- **Trust & Safety (/ltrust):** Safety hero, 4 privacy pillars (Verified Profiles, 24h Protection, Moderation, Instant Blocking).
- **Blog Magazine (/lblog, /lblog/[slug]):** Category filter pills, 7 published articles, rich text body, author bio, social sharing.
- **District & Community SEO Pages:** 13 Kerala district pages + 6 community hubs with local statistics and popular areas.

- **Admin Layout (/admin/layout.tsx):** Dark Navy sidebar (#0A1F44), active crimson item (#C81D45), top search header bar, session guard.
- **Admin Login (/admin/login):** Admin auth card with Nilavilakku lamp graphic motif, email/password form, security badge.
- **Master Dashboard (/admin):** 4 KPI cards (Total Users 25,430, New Regs 1,234, Verified 18,765, Active Premium 2,456), registration chart.
- **User Management (/admin/users):** Searchable user table, status filter tabs (All, Active, Inactive, Blocked, Premium), ban/verify controls.

- **Verification Queue (/admin/verification):** Inspect candidate selfie liveness & Aadhaar ID uploads; Approve (green badge) or Reject.
- **Reports & Moderation (/admin/reports):** Inspect reported profiles (harassment, spam, fake), issue warnings, dismiss, or suspend user.
- **Payments & Revenue (/admin/payments):** Revenue metrics (₹18.76L), transaction ledger table, plan names, Razorpay payment IDs, refunds.
- **Blog CMS Editor (/admin/blog):** Article management table, create new article modal, publish/draft toggles, SEO metadata.
- **FAQ Management (/admin/faq):** Customer support Q&A; editor, create FAQ modal, inline edit and delete actions.
- **Audit Logs (/admin/audit):** Immutable audit trail table recording staff name, module, action, IP address, and timestamp.
- **System Settings (/admin/settings):** Global configuration for site name, support email, 24h reveal duration, maintenance mode.

4. Core Technical Mechanics & Security

- **24-Hour Ephemeral Reveal:** AES-256 decrypted credentials active for 24h upon mutual consent; auto-locks when expired.
- **12-Attribute Match Scoring:** Computes compatibility % across religion, education, lifestyle, location, and goals.
- **Razorpay Webhook Validation:** Validates HMAC SHA-256 signatures before provisioning plans or wallet credits.
- **Admin Privacy Shield:** Architectural redaction preventing admin access to private candidate messages.

5. Seven-Day Soft Launch Plan

- **Day 1:** Production DB Deployment (Neon PostgreSQL + Prisma migrations).
- **Day 2:** Customer Panel QA (Register → OTP → 10-Step Profile → Photo → Search).
- **Day 3:** 24h Ephemeral Reveal & Chat QA (Consent → Countdown → Auto-lock → Chat).
- **Day 4:** Payments & Razorpay Sandbox Verification.
- **Day 5:** Admin Panel Live Data Connection & Moderation QA.
- **Day 6:** Mobile PWA & SEO Dynamic Sitemap Verification.
- **Day 7:** Custom Domain DNS Switchover & Controlled Soft Launch.
